Prestige International Group

Announcement of the Completion of TISAX Assessment

Prestige International Inc. (Headquarters: Chiyoda-ku, Tokyo; CEO: Shinichi Tamagami; hereinafter “PI”) is pleased to announce that its consolidated domestic subsidiary, Prestige Core Solution inc. (Headquarters: Chiyoda-ku, Tokyo, CEO: Shinichi Tamagami; hereinafter “PCS”) has completed the TISAX assessment and been registered as a TISAX participant with valid assessment results.

■ What is TISAX?

TISAX (Trusted Information Security Assessment Exchange) is an information security assessment standard (VDA-ISA) developed by the German Association of the Automotive Industry (VDA). It is a registered trademark managed and administered by the ENX Association which is an organization comprised of automobile manufacturers, suppliers, and VDA. By standardizing the assessment method, the VDA-ISA enables automobile manufacturers belonging to the ENX Association to refer to the TISAX assessment results of new and existing suppliers.

■ Our Participation in TISAX

PCS was registered as a TISAX participant for the first time in 2020 to comply with information security standards required by our client companies, automotive manufacturers. In 2023, PCS has completed the assessment after a more extensive evaluation and on-site audit. The renewed assessment result is now available on the ENX Portal. *

This proves that the PI group has established a management and operational structure at an advanced, global information security level. In order to continuously maintain the trust of our customers and clients, we will continue to operate our organization in accordance with the VDA-ISA and incorporate optimal technologies and know-how.

* The result is exclusively retrievable over the ENX Portal: <https://enx.com/tisax>

▼ Scope Location

Akita BPO Main Campus (1-172 Arayatorikimachi, Akita-city, Akita 010-1633, Japan)

Scope ID : S11RPH
